GLOSSARY OF TERMS

Retail Electric Provider (REP): *A person or company that sells electricity to customers. REPs will provide functions like customer service and billing. This company must be certified by the PUC to provide electric service in Texas as part of Electric Choice.*

Local Distributing Utility (LDU): *The "wires Company" that will continue to maintain the poles and wires and respond to emergencies and power outages.*

Electricity Facts Label (EFL): *This document standardizes REP offers to assist consumers as they shop. The EFL contains a REP's pricing, contract terms, sources of generation and emissions.*

Affiliate REP: *The REP affiliated with the LDU. The Affiliate REP will provide electric service to customers who choose not to switch beginning January 1.*
